## PUMP CONTRACT

## IS APPROVED

Auditor J. H. Fisher on Wednesday last approved of the contract for furnishing a pump needed in the Nuuanu dam construction, which Superintendent of Public Works C. S. Holloway awarded to S. F. Alder & Co. of San Francisco for \$5363. There was a balance in the treasury available for the purpose and the only question at issue was the scantiness of advertising for bids in Honolulu, which the Auditor appears to have regarded as beyond his jurisdiction, since there is no legal definition of the amount of advertising required in such cases. Neither, it would seem, is there any obligation upon the Department of Public Works, in the loan act under which the dam is being constructed, requiring tender and contract for labor or materials.

## FIRST RECEPTION IN NEW CONSULATE

Consul and Mrs. Saito entertained the leading members of the local Japanese colony at a reception in the new consulate building last night, the first public use to which the building has been put since the work of remodeling it was begun. The whole interior of the block has been changed to adapt it to the special uses of the Consul and his staff. Last night the whole building was illuminated and the many guests of the Consul inspected it from basement to the large reception hall on the upper flat. The second and third flats are furnished and ready for occupancy, but the offices proper on the ground floor have not yet been used.

Following the inspection of the building the guests were entertained in the reception hall, where refreshments were served and many speeches of congratulation made upon the securing of the magnificent quarters for their country's representatives.
